### ***The Stone Wall 5K Snowshoe Event is back for its 6th year!*** **Record turnout is anticipated for this year's race!**

**Mannsville, NY. Sunday, January 10, 2015 - The 5<sup>th</sup> Annual Winona Stone Wall 5K** will be held at 10:30 am at the CCC Camp in Mannsville, NY.

The Stone Wall 5K has evolved into one of the Northeast's premier snowshoe events. Winona Forest is known for its deep snowfalls, and winter wonderland appearance. The snowshoe course takes you through old growth forests and alongside historic stone walls, evidence of pastureland of the 1800's.

This Stone Wall has gained notoriety as one of the best snowshoe events in the northeast and upstate NY. This year will again boast record participation as this sport grows in popularity!

Photo ops from deep forest vantage points, the start line and across the trails, capturing participants running, walking, crossing creeks and jumping over fallen trees will surely produce a great upstate New York success story of yet another healthy outdoor activity sponsored by Winona Forest Recreation Association.
